

SAFETY DATA SHEET

according to Regulation (EG) no 1907/2006
 Generic EU MSDS – No country specific data
 REVISION DATE: 2014-07-02

1. Identification of the substance/mixture and of the company/undertaking

1.1 Product identifier

Product name: Buffered Sodium Citrate 3.2%
 Article number: 12-8480, 12-8483

1.2 Relevant identified uses of the substance or mixture, and uses advised against

Identified uses: Laboratory chemical

1.3 Details of the supplier of the safety data sheet

Company: Medicago AB
 Danmark Berga 13
 755 98 Uppsala
 Telephone: +46 (0)18 56 11 80
 Facsimile: +46 (0)18 56 11 88
 E-mail address: info@medicago.se

1.4 Emergency telephone number

Emergency telephone number: Giftinformationscentralen 112

2. Hazards identification

2.1 Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008 (EU-GHS/CLP)

Not classified as hazardous substance or mixture

2.2 Label elements

Labelling according to Regulation (EC) No 1272/2008 (EU-GHS/CLP)

This product does not need to be labelled in accordance with EU-directive or respective national laws.

Signal word: -

Hazard statement(s): -

Precautionary statement(s):

Complementary hazard information

No further information

2.3 Other hazards

No data available

3. Composition/information on ingredients

3.1 Substance

Substance	CAS-no.	EC-no.	Index-no.	Weight %	Classification according to constitution (EC) no 1272/2008 (CLP)
Trisodium Citrate Dihydrate	6132-04-3	200-675-3	-	0-100%	Not classified

4. First aid measures

4.1 Description of first aid measures

If swallowed	If person is conscious, give milk to drink; if person is unconscious, never give anything by mouth; loosen tight clothes; get medical attention
If inhaled	Move to fresh air; if person is not breathing, give artificial respiration; get medical attention if symptoms develop
In case of skin contact	Wash off with water and soap; remove contaminated clothes; get medical attention if irritation occurs
In case of eye contact	Wash immediately off with plenty of water for at least 15 min; remove contact lenses if present and easy-to-do; get medical attention
General advice	Get medical attention; show this data sheet to the doctor in attendance

4.2 Most important symptoms and effects, both acute and delayed

Large quantities of trisodium citrate dehydrate may cause nausea, vomiting cramps, and produce acidic irritation of mouth, and throat

4.3 Indication of any immediate medical attention and special treatment needed

No data available

5. Firefighting measures

5.1 Extinguishing media

Suitable extinguishing media: water spray, fog, foam, dry chemical powder, carbon dioxide

5.2 Special hazards arising from the substance or mixture

Carbon oxides, sodium oxides

5.3 Advice for fire fighters

Wear self-contained breathing apparatus for firefighting

5.4 Further information

No further information

6. Accidental release measures

6.1 Personal precautions, protective equipment and emergency procedures

Avoid dust formation; avoid breathing dust; wear lab coat, safety goggles, suitable protective gloves and boots; wash hands before and after use

6.2 Environmental precautions

Do not let product enter drains

6.3 Methods and material for containment and cleaning up

Sweep/shovel up spilled material and put it into a suitable waste disposal container; keep container tightly closed for disposal; finish cleaning by spreading water over the contaminated area and ventilate the room

6.4 Reference to other sections

For disposal: see section 13

7. Handling and storage

7.1 Precautions for safe handling

Avoid dust formation; assure adequate ventilation where dust is formed; avoid contact with skin and eyes

7.2 Conditions for safe storage, including any incompatibilities

Store in original packaging; store in a dry and well-ventilated area at room temperature; avoid exposure to moisture

7.3 Specific end use(s)

No data available

8. Exposure controls/personal protection

8.1 Control parameters

No data available

8.2 Exposure controls

Appropriate engineering controls

Use general hygiene procedures; use process enclosures, local exhaust ventilation, or other engineering controls to keep airborne levels below recommended exposure limits; if user operations generate dust, fume, or mist, use ventilation to keep exposure to airborne contaminants below the exposure limit

Personal protective equipment

Eye/face protection	Wear safety goggles (EN 166)
Skin protection	Use proper lab gloves; gloves must be inspected prior to use
Body Protection	Wear lab coat or other impervious clothes; type of protection equipment must be selected according to the concentration and amount of the dangerous substance at the specific workplace
Respiratory protection	If necessary, use dust respirator tested and approved under appropriate government standards such as NIOSH (USA) or CEN (EU)

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties

Appearance	white powder
Odour	no data available
Odour threshold	no data available
pH	5.2
Melting point/ freezing point	no data available
Initial boiling point and boiling range	no data available
Flash point	no data available
Evaporation rate	no data available
Flammability (Solid, gas)	no data available
Upper/lower flammability or explosive limits	no data available
Vapour pressure	no data available
Vapour density	no data available
Relative density	no data available
Water solubility	soluble
Partition coefficient: n-octanol/ water	no data available
Auto-ignition temperature	no data available
Decomposition temperature	no data available
Viscosity	no data available
Explosive properties	no data available
Oxidizing properties	no data available

9.2 Other information

No further information

10. Stability and Reactivity

10.1 Reactivity

No data available

10.2 Chemical stability

Stable under recommended storage conditions

10.3 Possibility of hazardous reactions

No data available

10.4 Conditions to avoid

Exposure to moisture, heat

10.5 Incompatible materials

Strong oxidizing agents, reducing agents, metals, alkalis

10.6 Hazardous decomposition products

In case of fire: carbon oxides, sodium oxides

11. Toxicological information

11.1 Information on toxicological effects

11.1.1 Substance

Acute toxicity

No data available

Skin corrosion/irritation

No data available

Serious eye damage/ eye irritation

No data available

Respiratory or skin sensitization

No data available

Germ cell mutagenicity

No data available

Carcinogenicity

No data available

Reproductive toxicity

No data available

Specific target organ toxicity – single exposure

No data available

Specific target organ toxicity – repeated exposure

No data available

Aspiration hazard

No data available

Potential health effects

Inhalation	May cause respiratory tract irritation
Ingestion	May be harmful if swallowed
Skin	May cause skin irritation
Eye	May cause eye irritation

12. Ecological information

12.1 Toxicity

No data available

12.2 Persistence and degradability

No data available

12.3 Bioaccumulative potential

No data available

12.4 Mobility in soil

No data available

12.5 Results of PBT and vPvB assessment

No data available

12.6 Other adverse effects

No data available

13. Disposal considerations

13.1 Waste treatment methods

Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Contaminated packaging: dispose of as unused product
